### TWENTY-FIFTH ANNIVERSARY

THE MT. STERLING BAPTIST  
CHURCH.

A Day In the History of This  
Church Not To Be  
Forgotten.

The Mt. Sterling Baptist church was organized February 9, 1870, and notwithstanding its anniversary is on the 9th, Sunday, the 10th, was fixed as the date of its celebration.

The church under its earnest and able pastor has done a great work in the twenty-five years past. It had its beginning with Rev. J. Pike Powers, now of Knoxville, Tenn. Brother Powers laid the foundation work of this church, meeting as he did with great discouragements, he trusted God and continued. He would not let go until he received the blessing. He was succeeded by Rev. Green Clay Smith, now of Washington, D. C.; he by Rev. J. Morgan Wells, now at Fort Worth, Texas; he by Dr. Wm. Gwinn, now of Atlanta, Georgia; he by Rev. Green Clay Smith; he by Rev. E. E. Bomar, of Aiken, South Carolina, and he by the present pastor Rev. Everette Gill. Mr. Powers was present and delivered an address on "Our Church Retrospective." Messages of regrets were received from Rev. Smith and Bomar. Dr. F. H. Kerfoot of the Southern Baptist Theological Seminary preached an excellent sermon. It was just grand. After the sermon Dr. Kerfoot raised \$525, and the church starts on the second quarter of a century free from debt. The congregation is happily encouraged and have resolved to do greater things in the future. The music under the direction of Mrs. R. Q. Drake was excellent and the duet by Mrs. J. M. Pickrell and Mrs. Maggie Eastin was very fine, as was also the instrumental rendering by Mrs. R. Q. Drake. Mr. Powers will remain here a few days, meeting with his many friends. F. L. Bosworth, of Knoxville, Tenn., a former deacon, was also here and took part in the services.

James Ross, a laborer, came here last summer and has been trying to make an honest living, but everything seemed against him and this cold weather he and his family were found in their humble home without coal, but little bedding, very few clothes and nothing to eat. Ross was too proud to beg or in any way to let his necessities be known. But as soon as their destitution was known they were provided for. During this extreme weather the mother and father had to sit up all night rubbing the feet of their children, four in number, the youngest being but an infant, and this one was put in a box and packed in with pieces of old clothing. If there are others in such distress, the good people of the city would like to know it. Call at the Advocate office, let your wants be known, and the Associated Charities will do what they can.

Died, Mrs. Warren Green, aged 65 years, at her home near Howard's Mill last Sunday. The funeral will be preached to-day at Union Church. Mrs. Green was an excellent woman, loved and respected.

### SHOT HIMSELF!

CHARLIE RATLIFF SHOT HIMSELF

At The Home of Wm. Spencer on  
Winchester Pike.

The Wound Only a Slight  
One.

Accidental or Suicidal, Which?

Charles Ratliff a young man of this place, was visiting at Mr. Wm. Spencer's on the Winchester pike yesterday and shortly after noon passed from one room into another closing the door behind him. Almost immediately a shot was heard and upon the family running to him to ascertain the cause, found he had shot himself in the left breast. Physicians were sent for who soon ascertained the wound was slight, the ball had ranged around under the left arm passing but slightly under the skin. The bullet from a 32 calibre revolver was easily located and removed. The family at first were very much frightened and the messenger who brought the news to town stated he was fatally wounded. Young Ratliff says he attempted to lay a pistol on a table and the weapon exploded, further than this he will not talk. He is the man who swore out the warrant that caused the sensational arrest of Detective Drake a couple of weeks since. It has been said that an effort was being made to take Ratliff to Lee county and many sensational stories were about as to what Detective Drake's friends had threatened to do with him when he came within their grasp. These were reported to Ratliff with more or less embellishment and worried him not a little. He persists in denying that he tried to take his life.

On Saturday the cases of James Roach and Dick Forman, charged with being members of the mob who hung Tom Blair, were called in the Circuit Court. Judge Cooper, upon the strength of an affidavit presented against him sitting in the case of James Roach, vacated the bench and Special Judge B. F. Day took his place. The Commonwealth refused to try at this term of the Court, notwithstanding the defense made a strenuous effort to secure trial. The Judge set the cases for the 5th day of the April term. Motion for bail was to be heard yesterday, but was continued till this a. m.
